

CHOCOLATE CHIP COOKIES

STEP 1: Preheat oven to 380° F. Place provided parchment paper on the baking sheet, then place cookies on parchment paper and make sure cookies have at least 3” of space between each piece to bake evenly.

STEP 2: Place the baking sheet in the middle of the oven. Bake cookies 20-25 mins. in a conventional oven, 10-15 mins. for convection, or until the top and bottom are golden brown.

STEP 3: When cookies are done, remove from the oven and allow to cool. Allow cookies to cool completely before you enjoy them, which takes about 10 minutes.

**Because all ovens vary, check the cookies 5 mins. before the recommended baking time.*
