

Sweet Corn Croquet

SWEET CORN CROQUETTE

- 1** Preheat oven to 350F°. While oven is preheating, place provided parchment paper on a baking sheet. Next, place the Sweet Corn Croquettes on the parchment paper and make sure they have at least 1/2" of space between each piece to bake evenly.
- 2** Place the baking sheet in the middle of the oven. Bake the Sweet Corn Croquettes for 20-30 mins. in a conventional oven, bake for 15-25 mins. in a convection oven, or until golden brown.
- 3** When the Sweet Corn Croquettes reach a golden brown, remove them from the oven. Let them cool down completely before you enjoy them, which takes about 15 minutes, since the filling takes longer to cool.

*Because all ovens vary, check the Sweet Corn Croquettes 5 mins. before the recommended baking time.
